

< DX 100 >

Natural solvent cleaner

Product description

DX 100 is a concentrated natural solvent cleaner for stain removal and strong degreasing.

Properties

DX 100 can be applied as:

- Heavy duty solvent for engine parts, paint, graffiti, adhesives, oven cleaning, chewing gum, lime rests, ...
- Stain remover for carpets, fabrics,...
- All purpose cleaner for all glass surfaces, unsealed floors, and hard non-porous surfaces (vinyl, metal, aluminium,...)

DX 100 is based on orange-terpenes, non ionic and anionic surfactants from natural origin.

Directions for use

- As heavy duty solvent: apply **DX 100** concentrated.
- Stain remover: 1 part **DX 100** + 2 parts water (1:3)
- All purpose cleaner: 0.5 to 2% **DX 100** in water

Apply the solution, wipe clean and rinse with fresh water.

Specifications

Appearance:	light brown, citrus smelling liquid
Density (20°C):	0.840 kg/l
Freezing point:	-24 °C

Corrosion data and -precautions

When using as degreaser, first test the colour stability on hidden place.

Please check the MSDS.
