

< BLITZ CLEAN >

economical exterior cleaner

Product description

BLITZ CLEAN is a low alkaline cleaner with foaming action.

Properties

BLITZ CLEAN is especially developed for removing the static traffic film and fatty pollution on all types of vehicles.

BLITZ CLEAN is developed for applications where the concentration of use is difficult to control or where a higher concentration is needed.

BLITZ CLEAN contains corrosion-inhibitors.

Directions for use

BLITZ CLEAN spray or foam a concentration of 2 – 7% on the vehicle, depending on the degree of dirtiness. Apply from the bottom to the top.

BLITZ CLEAN can also be used as:

- Alkaline rim cleaner: 20-50%
- anti-insect: 10%
- in truck wash installations: 3-10%

Rinse thoroughly with a high pressure unit.

Specifications

Appearance:	foaming, brown liquid
pH (1%):	10.5
Density (20°C):	1.110 kg/l

Corrosion data and precautions

Never apply the product in the sun or on hot parts.
Do not let dry. If doubt, test first.
