

< TRANS-D >

To degrease engines, machines and garage floors

Product description

TRANS-D is a degreaser for mineral fats on engines, parts, motors, ...
To be used with cold or hot water.

Properties

TRANS-D is degreasing.
TRANS-D is light foaming.
TRANS-D does not contain any solvents.

Directions for use

Spray a 5 to 10% solution of **TRANS-D**.
Minimum contact time: 5-15 minutes.
Can be used in automatic floor cleaning machines.
Rinse under high pressure.
Cold or warm (max. 60°C) water.

Specifications

Appearance:	light alkaline liquid
pH (1%):	11.6
Density (20°C):	1.165 kg/l
Freezing point:	-10°C

Corrosion data and -precautions

- Please check the MSDS.
- Make a test on a small test surface

Test method

Reagents: 0.05M HCl solution
Phenolphthalein Indicator

Procedure: Add to 100ml water 5ml test solution
and 2-3 drops of the Indicator.
Titrate with the HCl solution to a
colourless end point.

Calculation: % **TRANS D** = titre (ml) / 1.5
